Mr. Horowitz,

I want to thank you for your firm's efforts, diligence and innovation in bringing our claim for Earl's Bucks County restaurant to a favorable close. Due to the efforts of your organization and more specifically the continued efforts of Steve Figlin, we were able to rebuild our restaurant and continue to deliver good will, hospitality and employment to the Lower Bucks County, PA region.

We would not have been able to orchestrate a fruitful conclusion to our claim without the specialized talents, resources and staff of Young Public Adjusters. Your team's commitment to a 15 month process, countless conference calls, site reviews and representation was above and beyond what we expected.

I would not hesitate to recommend your organization to any business owner looking to navigate the byzantine world of insurance claims.

All the best to you, and please thank Mr. Figlin and all of those associated with our unique and multi layered claim.

Be well,

Terry S. Ward
